## RELEVANT EXPERIENCE

### **Freelancer, Web Developer and Graphic Designer** - NOV 2022 - present

- Collaborated with clients to develop, design, and deliver products that met their specifications and needs.
- Created graphics and logo prototypes that help promote the client's brand.
- Designed website that best represented the products being advertised.
- (projects are listed in detail at *phisheye.org*)

### **Apple Store, Seasonal Specialist** - AUG 2021 - JAN 2022

- Created a personalized shopping experience for each guest by identifying needs and providing solutions through probing questions and up-to-date knowledge of Apple products and services
- Surpassed sales metrics in the specialist role through exceptional and enthusiastic customer service
- Maintained an efficient and pleasant store environment with open communication and collaboration with colleagues and guests
- Trained 3 specialists in foundational sale techniques and store operations

### **MV Code Club, Coding Instructor** - OCT 2015 - MAR 2020 (Due to COVID-19)

- Developed curriculum (JavaScript, Python, and C/C++) that was tailored for students in 1st-8th Grade
- Mentored groups of up to 10 students to establish early coding practices through relevant projects and exercises
- Maintained an engaging environment where students felt confident and motivated to develop their programming skills
- Promoted the success of female students by acting as an advisor and a representative of women in STEM

### **Girls Who Code Summer Immersion Program** - SUMMER 2015

- A highly-selective, 8 week internship at Google SF that aims to equip young, motivated women with the skills they need to succeed in the tech industry through hands-on projects (Python, JavaScript, HTML/CSS, and JQuery), one-on-one mentorship, and lecture-style talks from industry leaders.
